Professional Statement

Detail-oriented communication and digital media professional with a strong foundation in content strategy, user research, and cross-platform marketing. Skilled in creating engaging digital experiences across social media, developing audience-focused stories, and supporting growth initiatives through data-informed insights. Experienced in coordinating multimedia content, analyzing user behavior, and translating qualitative and quantitative findings into clear strategic recommendations. Adept at using tools such as Google Workspace, Canva, Adobe Creative Suite, and social media analytics to optimize content performance and enhance user engagement.

Education

Johns Hopkins University , Washington, D.C. <i>MA in Communication</i> Major GPA: 3.97/4.0	2024 – 2026
Sun Yat-sen University , Zhuhai, China <i>Bachelor of Management in Exhibition Economy and Management</i> Major GPA: 3.8/5.0	2020 – 2024

Professional Experience

Sendpoints Publishing Co.,Ltd , Guangzhou, China <i>Content Marketing Intern</i>	Mar. 2024 – Jul. 2024
- Supported outreach and real-time communication for a 2,000-attendee art fair by coordinating social media updates and collecting audience feedback across platforms. - Authored original 10+ WeChat articles and drafted weekly newsletters for multi-platform distribution, ensuring consistency in tone and storytelling. - Created and published branded content daily across 3+ social media platforms, such as Instagram, RED, and WeChat to boost 10% increase in engagement and audience retention.	
Rhizome Cultural Consultancy , Remote <i>Research Assistant Intern</i>	Mar. 2023 – Jul. 2023
- Designed audience segmentation reports using qualitative coding (80,000+ words analyzed) for trend forecasting in cultural and commercial markets. - Conducted digital behavior research across e-commerce and content platforms (Taobao, TikTok, Red Note), applying findings to guide strategy recommendations.	

Course Project

TED Social Media Content Manual , Washington, D.C. <i>Author</i>	Jan. 2026 – Apr. 2026
- Developed a cross-platform content strategy for TED (Instagram, TikTok, Facebook) with platform-specific guidelines aligned to brand tone and publishing frequency. - Built a 3-month content calendar with SMART goals and ROI frameworks to track growth, engagement, and content effectiveness (top 5% of class).	
Tourism Science 2023 Annual Conference , Shanghai, China <i>Influence of game engagement on game players' travel intentions: based on the mediating effect of cultural presence</i>	2022 – 2023
Authored a published study on how game engagement shapes travel intentions; collected 333 survey responses and applied SPSS, Amos, and Mplus to model the mediating effect of cultural presence, yielding insights for destination marketing.
